

## ACS Read and Green Agreement Quick Reference Guide

### Highlights:

1. Applies to any ACS Hybrid journal.
2. Based on submitting corresponding author's primary affiliation with a participating institution.
3. Author retains copyright on the version of record article.
4. Author may deposit the accepted manuscript into a repository of choice with NO embargo period and creative commons license of choice.
5. Author has the option to publish article as gold open access at a reduced APC rate of:
  - a. CC-BY NC ND - \$1500
  - b. CC-BY - \$2000
  - c. Premium members are eligible for \$250 discount by entering ACS membership number

### Author Experience:

1. Eligibility is identified through automated workflow based on submitting corresponding author's primary affiliation with a participating institution.
2. Author is made aware of the opportunity for zero embargo green open access through the agreement when signing the journal publishing agreement at manuscript acceptance.

Welcome

### Journal Publishing Agreement

As an author affiliated with *<Institution name>* included in an agreement with ACS, you are eligible to retain copyright and immediately deposit your accepted manuscript with a Creative Commons license of your choice.

Do you wish to retain copyright and be allowed to deposit your manuscript as per the agreement?

- ☐ Yes, I wish to retain copyright and be allowed to immediately deposit the manuscript.
- ☐ No, I do not wish to retain copyright and be allowed to immediately deposit the manuscript.
